

CCC Strategic Enrollment Plan

2022-23 through 2025-26

Introductory Text

At Clackamas Community College (CCC), we are here to serve our students and community. Our vision and mission guide our decision making and as we continually learn about [our community and our students](#), we adapt to their needs and think toward the future.

CCC Vision: Empowering individuals, strengthening communities.

CCC Mission: As our community's college, we cultivate equitable, innovative, and responsive education.

As a multifaceted institution, there are many measures of institutional health that can be identified and monitored as part of ensuring that we are meeting our commitments to our students and community members with enrollment levels being one of those measures. By engaging in Strategic Enrollment Management (SEM) planning we seek to anticipate and respond to changing economic and workforce factors and strive to improve upon our existing practices in an effort to influence our enrollment overall. This SEM Plan is a culmination of efforts that include:

- SEM Report written and shared with college community between 2018 and 2020 and Key Enrollment Indicators for student enrollment identified;
- Integration of continuing efforts of previous Strategic Priorities (notably Guided Pathways) and new Holistic Student Support (HSS) and Diversity, Equity and Inclusion (DEI) Strategic Priorities;
- Incorporating the SEM report and plan development, tracking, and assessment into the Access, Retention and Completion (ARC) Committee with the ARC chair serving on CCC's Mission Fulfillment Committee to ensure continuity between the plan and related institutional strategic plans.

Integration of SEM and Strategic Priority

Between 2019-2021, the college went through an extensive Strategic Plan design process to provide a cohesive vision for the college and help inform what services and programs we should be providing, how to more fully integrate into the community, how to create a more inclusive culture and dismantle racism, and how to prepare students for the careers of the future. The Strategic Plan identifies five priorities: 1) Excellence in Teaching and Learning, 2) Holistic Student Support, 3) Diversity, Equity, and Inclusion, 4) Organizational Health, and 5) Community Connections. While each of these priorities relate to the Key Enrollment Indicators identified in the SEM report, and several of these priorities will help recruit, retain, and improve the lives of students of Black, Indigenous and People of Color (BIPOC), women and those from low-socio-economic status, the Holistic Student Support priority specifically connects to the work of the SEM plan. The strategic indicators outlined in the SEM report and the Strategic Priority Plan are to:

CCC Strategic Enrollment Plan

2022-23 through 2025-26

- By end of 2025-2026 academic year:
 1. Increase student FTE (Full-time Equivalent) and Headcount (HC)
 2. CCC employees confidently and consistently connect students to the services they need (holistic student support indicator);
 3. Students ease of access to services is improved (holistic student support indicator);
 4. Students sense of belonging and connectedness to CCC is increased (holistic student support indicator).

Key Enrollment Indicators (KEI's)

Key Enrollment Indicators (KEI's) are the metrics used as part of the Strategic Enrollment (SEM) plan to assess the efficacy of the institution's overall enrollment and sets targets for where enrollment could grow within a five-year span of time. The KEI's listed below were developed out of the work of the SEM Report between 2018-2020 and help establish the baseline and target data needed to monitor and track CCC's overall enrollment at various levels at the institution. These KEI's are: enrollment by student type, FTE by credit level, and Retention by student type. Each KEI has baseline data taken from academic years 2016-2019 and sets enrollment targets for academic year 2025-2026.

The college has established the following KEI's (see appendix A for full data table):

Enrollment

- New students (defined as applicants to enrolled) segmented by the following specific populations:
 - Adult Learner
 - Degree-certificate seeking
 - First generation
 - First-term, first year
 - Race/Ethnicity
- High School Connections
 - Advanced College Credit applicants enrolled in ACC courses
- Total annual headcount

FTE

- Number of credits students take (annually)
 - Annual total (includes non-credit)
 - Full-time status (12+ credits)
 - Half-time status (6-11 credits)

CCC Strategic Enrollment Plan

2022-23 through 2025-26

- Less than half-time (1-5 credits)

Retention

- Term-to-term and fall-to-fall
 - All new credit students
 - All students transitioning from GED/Adult High School Diploma and/or English for Speakers of Other Languages to college level
 - First generation
 - Pell recipients
 - Race/ethnicity

Enrollment (Total FTE and HC) Goals

The pandemic of 2020-2023 significantly altered the enrollment landscape for community colleges nationally, regionally, and at CCC. Fall 2021 enrollment at CCC was down 22% from fall 2019 and 37% since 2016. Due to these declines, new FTE, Headcount (HC) and Enrollment goals were established. The percentage increases are calculated annually from the prior year's FTE and HC. For example, 5,000 FTE in 2022-23 is a 10% increase over the 2021-22 FTE of 4,500.

Three growth scenarios were developed to provide a barometer of CCC's enrollment impact on both funding and capacity:

- Problematic: CCC is underfunded and has underutilized space.
- Target: CCC's funding and space usage is on track.
- Aspirational: CCC is approximately fully funded and is close to maximum capacity.

	Problematic* FTE/HC/Enrollment (5%)	Target** FTE/HC/Enrollment (10%)	Aspirational*** FTE/HC/Enrollment (15%)	Final
2018-19				6,400/24,600/88,400
2019-20				5,600/21,700/79,300
2020-21				4,800/17,600/68,500
2021-22				4,500/18,800/66,100
2022-23	4,700/19,700/69,400	5,000/20,700/72,700	5,200/21,600/76,000	4,800/19,800/70,800

2022-23 through 2025-26

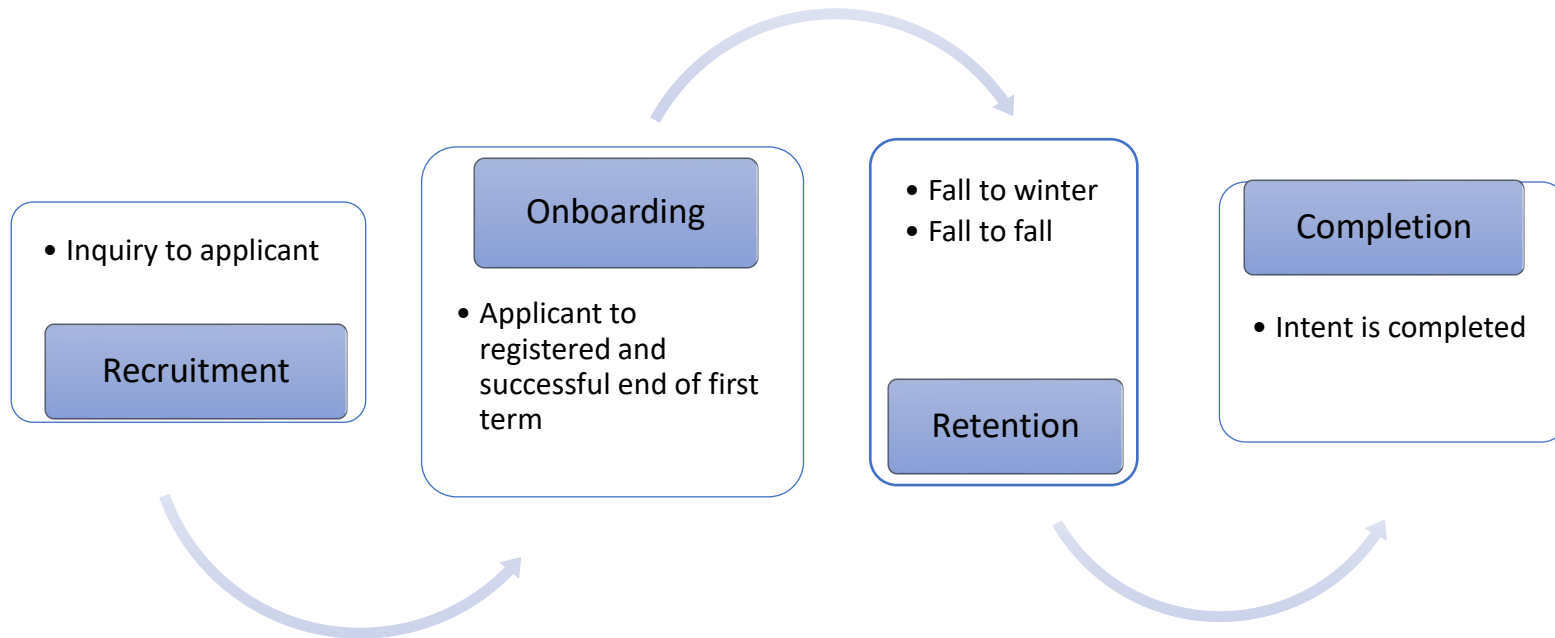

How to Increase FTE by 500 Per Year

We know that in order to reach that increase, the college needs an additional 23,200 credits over the year ($23200 * 11/510 = 500$ FTE)

# of Students	# of Credits for Year	FTE Increase
516	45	500
644	36	500
967	24	500
1933	12	500
7333	3	500

Cycle Influencing KEI's

The Strategic Enrollment Management Plan focuses on the four major phases of the student enrollment lifecycle:

CCC Strategic Enrollment Plan

2022-23 through 2025-26

SEM Goals and Plan

The following goals, strategies, and tactics are designed to fulfill the strategic indicators that have been identified in the CCC strategic plan.

Additionally, in the spring of 2022, the College established a response plan to influence enrollment for the 2022-23 academic year. That plan can be found in appendix C of this SEM plan. Some of those activities are duplicated in the following plan. You can find a list of acronyms and what it stands for in appendix D (hint: turn on the navigation pane by clicking on the bookmark icon).

Tactic		Lead and Partners	Timeline	Activities	Indicator (Milestone or Percentage)	Status (At Risk, On Track, Completed)
1.1.1	Develop comprehensive recruitment campaign for prospects and applicants with a particular focus on students from systemically oppressed populations.	Lead: Director of Recruitment and Admissions Partners: College Relations and Marketing, Director of Career Pathways, Director of Workforce Development, Director of Adult Education, Director of Office of Education Partnerships.	2022-24	1. Virtual preview events in English and in Spanish for prospective students and parents. 2. Systematize sending new applicant registration postcards to all new applicants. 3. Orientation activities – Pre-welcome week 4. Create applications (admission/scholarship) in Spanish 5. Evaluate current high school and outreach recruitment strategies. 6. Identify and collaborate with affinity groups (these need to be identified) and allies to advance	Milestone: Comprehensive recruitment plan developed. Measure: Applicant yield increased; specific student population yield increased.	On-Track; completion December, 2023

Tutoring and Academic Computing Lab Coordinator, OLET, Dean, IEP		computer literacy assessment? Perhaps workshops (not academic/credit). 3. Increased number of students have the basic technical skills to attend classes in all modalities.		
1.1.4	Continue annual CTE Showcase event.	Lead: Fall 2022: Workforce Advisor (Tom Brown). Partners: Director of Recruitment and Admissions, Workforce Advisor, Career Connected Learning	Fall 2022 and Spring 2023	1. Codify annual CTE showcase event 2. Incorporate into comprehensive recruitment plan (1.1.1) 3. TAPS staff follow up with prospective applicants from the CTE Showcase	Milestone: Implementation plan for showcase documented. Measure: Increase CTE Enrollment and transition from HS CTE Programs	Completed
1.1.5	Enhance consistent outreach to stopped out students.	Lead: Associate Dean, Academic Foundations and Connections (AFaC) and Director of Adult Education. Partner: Workforce Director, Institutional Research and Reporting	2022-23	1. Retention navigators connect with stopped out students and reducing barriers to returning. 2. Codify processes for consistent outreach efforts. 3. Increase understanding of why students leave and determine what would make it “easy” for them to return.	Milestone: Resources identified for reaching out to students. Measure: % increase of stopped out students returning to CCC.	On track; complete September 2023
Strategy 2: Create Clear Pathways and Accessibility to Courses for students from systemically oppressed populations and those facing barriers (BIPOC, low-socio-economic status, and women).						
1.2.1	Address scheduling challenges through creation of schedule guidelines which emphasize	Lead: Director of Curriculum and Scheduling	2021-25	1. Schedule guidelines: Identify and adopt common stop and start times for CCC courses in support of student ease of schedule building	Milestone (s): TBD Measure: Students are able to complete science prerequisites	In progress

	consistency, and prioritize student needs.	Partners: Instruction and Student Services (InSS) Deans, Institutional Effectiveness and Planning (IEP), Curriculum and Scheduling, Institutional Research and Reporting		<ol style="list-style-type: none"> 2. Block scheduling: Identify courses that are often taken together (e.g. Math and Writing or CTE); facilitate collaborative planning efforts so that they fit together on the same days (not same times). 3. Block scheduling: Identify courses that should be linked, so students can get enrolled in both required sections as needed (e.g. Science Labs are not currently connected to required science courses). Question: This may have been resolved; has it? 4. Multi-term registration: organize efforts (in partnership with Registrar, Department Chairs) to project schedules further into the future, and create infrastructure so students can make longer-term commitments to degree and certificate programs. 5. Course scheduling consistency: Identify course series (E.g. A&P, Sciences) and offer them on the same day and time throughout the year (e.g. sections of A&P offered on the same day/time of week, each term) 6. Assessment to support schedule innovation: Research student needs and preferences, and work with Registrar/Department chairs 	<p>and navigate schedules more clearly.</p> <p>Measure: Increased enrollment due to ease of access to courses.</p> <p>Measure: Students are able to plan and anticipate what their schedule will be in advance and navigate schedules more clearly.</p> <p>Measure: Students are able to create a schedule that aligns with their work schedules.</p>

				<p>to align the schedule with student input.</p> <p>7. Assessment to support schedule innovation: Research students' needs and preferences, and work with Registrar/Department chairs to identify new ways to offer courses and programs that work better for emerging audiences (adults, student-parents, etc.). These may prioritize flexible options like shorter term classes, late-start classes, rolling enrollment, and other strategies.</p>		
1.2.2	<p>Assess Course and Services Modality Preferences. Explore course offering format.</p>	<p>Lead: InSS Deans, Academic Foundations and Connections (AFaC) Associate Dean</p> <p>Partners: Director of Institution Research and Reporting, Curriculum and Scheduling</p>	2022-24	<p>1. Align the preference of students with available course modality, E.g. based on our student population which course modality most fits the needs of students to help them complete their program?</p> <p>2. Explore five (5) week courses to boost access and outcomes for adult part-time students (EAB/Chemeketa did this).</p> <p>3. Explore undoing current academic term: life happens, students need flexibility. Offer shorter terms, rolling enrollment.</p> <p>4. Implement findings from above activities as appropriate.</p>	<p>Milestone: TBD</p> <p>Measure: TBD</p>	<p>On track; complete winter 2024</p>

2022-23 through 2025-26

1.2.3	Create pathways for transition (English for Speakers of Other Languages (ESOL), GED/Adult Basic Education (ABE)) students.	<p>Lead: Director of Adult Education</p> <p>Partners: Director of Recruitment and Admissions, AFaC Dean, TAPS Associate Dean, Career Pathways Director, Workforce Director, Institutional Research and Reporting</p>	2022-24	<ol style="list-style-type: none"> 1. Continue development of transition studies pathways (Skills Dev./GED and ESOL). (Translation – moving from GED/ESOL to college level). 2. Develop additional IET and/or bridge courses for students. 3. Assess needs of adult population as studies indicate they need more than daytime classes and services. They need flexibility. 4. Implement recommendations from HECC CPL grant (2022-23) 	<p>Milestone: TBD</p> <p>Measure: More students have a clear pathway from GED into designated programs with career ready options.</p> <p>Measure: Increased FTE due to clear pathway alignment.</p>	
1.2.4	Assess and expand and streamline Career Pathways and Less-Than-One-Year Certificates.	<p>Lead: Future Ready Oregon Career Pathways Director, TAPS Dean</p> <p>Partners: Dean, Arts and Sciences, Faculty, Curriculum Committee, Executive Director of College Relations and Marketing</p>	2022-24	<ol style="list-style-type: none"> 1. Review current Career Pathway and Less than One Year Certificate with departments and CTE Advisory Committees to ensure relevance for students and applicability in the labor market. 2. Recommend spinning up programs more quickly. 3. More non-credit credentials (e.g. Fast Forward). Not FA eligible but subsidize? 	<p>Milestone: TBD</p> <p>Measure: Students access relevant short-term training options.</p> <p>Measure: Improved program relevance.</p>	On track
1.2.5	Continue expansion of First-Year Experience Course(s)	<p>Lead: Title III Director and Counseling Chair</p> <p>Partners: AFaC Dean, InSS Deans, Educational Focus Area (EFA) Network, Counseling department, Curriculum and Scheduling Office, Registrar, Director of Financial Aid,</p>	2022-24	<ol style="list-style-type: none"> 1. Continue to make FYE courses mandatory in degrees and certificates. 2. Assess/explore/align expanded FYE Options: E.g. Offering a condensed course on Saturdays or offering options in the summer (for first time students?). Confirm FYE courses are offered when students need them. 	<p>Milestone: TBD</p> <p>Measure: Increased number of programs officially include FYE as part of the program.</p> <p>Measure: More students complete FYE and are retained.</p>

2022-23 through 2025-26

		Institutional Research and Reporting, Applied Information Technology Specialist (Momentum Metrics Report)			Measure: Increased enrollment and completion.	
1.2.6	Explore requirement of Educational Focus Area (EFA) 101 courses.	Lead: EFA Development Network, InSS Deans Partners: Curriculum and Scheduling Office, Registrar, Director of Financial Aid, Institutional Research and Reporting	2023-24	1. Assess retention and completion of EFA 101 completers compared to general student population. 2. Implement EFA 101 surveys to evaluate effectiveness.	Milestone: Data created informing retention of EFA 101 participants. Measure: Increased number of programs officially include EFA 101 as part of the program.	
1.2.7	Enhance process to help undecided students identify EFA and career choices early.	Lead: Director of Student Academic Support Services Partners: Director of Adult Education, Director of Admissions and Recruitment, Director of Office of Education Partnerships, Career Center, Work Force Director, Career Pathways Director	2023-24	1. Advisors and Navigators meet with undecided students for help in choosing their EFA/career choice 2. Create intentional opportunities for prospective students (both HS and Adult Learners) to understand career choice and planning. 3. Connect student studies (EFA/Primary Program of Study) with life/careers post-college (and faculty see the need for this too). 4. Create EFA maps for part-time students.	Milestone: TBD Measure: % increase of students with a designated EFA and/or % decrease of students who are undecided. Measure: % increase of stopped out students returning to CCC

2022-23 through 2025-26

Goal 2: Ensure CCC employees confidently and consistently connect students to the services they need.						
Strategy 1: Provide Consistent Messaging to CCC Students and Employees.						
Tactic		Lead and Partners	Timeline	Activities	Indicator (Milestone or Percentage)	Status (At Risk, On Track, Completed)
2.1.1	Enhance Moodle experience for students.	Lead: Vice-President of InSS Partners: Full-Time Faculty, Associate Faculty, InSS Deans, Online Learning and Educational Technology (OLET), Institutional Research and Reporting	2022-24	1. Implement mandatory consistency in Moodle shell configurations (e.g. key resources and syllabi). 2. Explore allowing access to Moodle shells prior to start of term. Note: This may not work for some faculty; consider adding an “early indicator” for Moodle shells so that students know they have access to the course. 3. Show the “shell icon” with basic start information so that students can at least see they are registered for the course and get book information prior to course beginning.	Milestone: ISP language created to mandate consistent Moodle shell and implemented. Measure: Students report ease of access to Moodle resources and access to key Moodle components.	On Track
2.1.2	Create registration/important dates communication plan. Systematize (automate?) the plan	Lead: Registrar Partners: Registrar, Student Services, CRM, Navigate. 3.0 Team	2022-23	1. Systematize registration message; Utilize multi-channel communication to provide registration/action focused information to enhance existing modes (emails, portal, etc.). 2. Conduct an annual audit of emails to students to make sure we are communicating effectively – use a tool like a CRM to help with this process. 3. Develop text message about important dates for registration.	Milestone: TBD Measure: TBD	Completed

				<p>Email campaigns via Navigate. Computer messaging on CCC computers with reminders about enrolling in classes for the following term.</p> <p>4. Determine which messages should be tailored to specific cohorts of students (veterans, DRC, adult learners, DEI) and implement.</p>		
Strategy 2: Provide Shared Knowledge Opportunities for CCC Students and Employees						
2.2.1	Provide CCC employees with understanding of where to find resources.	<p>Lead: ARC Financial Resources subcommittee</p> <p>Partners: Institutional Research and Reporting</p>	2022-24	<p>1. Develop presentation for College Council, other audiences. Identify, explain and direct staff to existing financial resources. And create repository for keeping presentations for recurring reference.</p> <p>2. Develop confidence surveys for faculty and staff.</p> <p>3. Participating in ramp-up week!</p>	<p>Milestone: Presentation developed.</p> <p>Measure: CCC Employees report increased confidence in appropriately referring students to resources.</p>	In progress
2.2.2	Provide CCC employees and students with understanding of Student Services Hub (formerly One Place) and Cougar Connect.	<p>Lead: Associate Dean, AFaC</p> <p>Partners: College Relations and Marketing, Tutoring and Academic Computer Lab Coordinator, AFaC Student Services Directors</p>	2022-25	<p>1. Develop presentations and resources regarding Student Services Hub (answered, etc.)</p> <p>2. Develop presentations and resources regarding Cougar Connect.</p> <p>3. Replicate Student Services Hub and Cougar Connect concepts virtually (Cougar Connect exists virtually already)</p>	<p>Milestone: Presentations developed and delivered.</p> <p>Measure: Increased Student Services Hub and Cougar Connect appointments.</p>	

CCC Strategic Enrollment Plan

2022-23 through 2025-26

2.2.3	Continue sharing student communication with employees.	Lead: Student Life and Leadership (Student Bulletin), Dean of AFaC (all other student messaging) Partners: CRM, Institutional Research and Reporting	2022-23	<ol style="list-style-type: none"> 1. Rebrand Student Bulletin 2. Determine who sends Student Bulletin to employees and when 3. Identify additional student related communication should be shared with CCC employees. 4. Survey employees to assess increased confidence in knowing student-related communication and referrals. 	Milestone: Student bulletin rebranded; communication plan developed Measure: CCC employees report increased confidence in appropriately referring students to resources.	Completed
2.2.4	Create resources for using student systems (Navigate, Self-Service, Moodle, myClackamas and email.)	Lead: Access, Retention and Completion (ARC) Retention Subcommittee Partners: AFaC Student Services Directors, College Relations and Marketing, IT, OLET	2023-24	<ol style="list-style-type: none"> 1. Assess what exists in each department currently. 2. Determine if those can be put together in one location. 3. Develop any additional videos that instructs on how to use these systems. 	Milestone: Inventory of videos completed; repository site identified; new content created for systems missing. Measure: TBD

Appendix B: Departmental Recruitment and Retention Survey (2021) Results Summary

In fall of 2021, a survey was sent to all department chairs and directors asking the following questions:

- 1) What has your department done in the last year in support of student recruitment (i.e. finding new students for the program/college)?
- 2) What has your department done in the last year in support of term-to-term or year-to-year retention (i.e. keeping existing students around to finish what they started)?

We also provided an opportunity to provide thoughts or observations about their efforts to recruit and/or retain students.

Working Together

2022-23 Enrollment and Retention Action Plan

Background / context for enrollment problem:

Snapshot of Enrollment Fall 2019 compared to Fall 2021:

	Fall 2019	Fall 2021
Headcount	13,968	11,726
Enrollment	28,388	22,256
FTE	2,019	1,484

Fall 2021 enrollment was down 22% from Fall 2019. Since 2015, enrollment is down 37% for CCC, and it also happens to be exactly down 37% for the combined FTE of the 17 community colleges. All larger community colleges are showing very similar drops in enrollment since the pandemic started in Spring of 2020.

Current FTE:

Summer 2022: -12.4%

Fall 2022: 0.2%

Target: 10% year-over-year increase in enrollment (duplicated headcount) in FY 2022-23, excluding dual credit. Stretch Goal: 15%

Leading Indicators:

- Advising appointments
