**Section #1 General Course Information**

**Department:**Energy & Utility Resource Management

**Submitter**

First Name: Shelly

Last Name: Tracy

Phone: 0945

Email: shellyt

---

**Course Prefix and Number:**ERM - 100

---

**# Credits:**3

**Contact hours**

Lecture (# of hours): 33

Lec/lab (# of hours):

Lab (# of hours):

Total course hours: 33

For each credit, the student will be expected to spend, on average, 3 hours per week in combination of in-class and out-of-class activity.

---

**Course Title:**Introduction to Utility Industry and Career Options

**Course Description:**

Overview of the energy and utility industries and the career options offered. Through research, students will discover and report on career options in the energy and utility resource industries.

---

**Type of Course:**Career Technical Preparatory

Is this class challengeable?

**Yes**

Can this course be repeated for credit in a degree?

**No**

Is general education certification being sought at this time?

**No**

Does this course map to any general education outcome(s)?

**No**

Is this course part of an AAS or related certificate of completion?

**Yes**

**Name of degree(s) and/or certificate(s):**Energy & Resource Management one year certificate and AAS, Utility Workforce Readiness Career Pathway Cert, Utility Trade Prep: Lineworker Pathway Cert, Utility Field Technician Pathway Cert, Occupational Health and Safety Pathway Cert.

Are there prerequisites to this course?

**Yes**

**Pre-reqs:**Pass ERM-121 with a C or better

**Have you consulted with the appropriate chair if the pre-req is in another program?**

**No**

Are there corequisites to this course?

**Yes**

**Co-reqs:**ERM-107, ERM-109.

Are there any requirements or recommendations for students taken this course?

**Yes**

**Recommendations:**None

**Requirements:**Instructor Consent

Are there similar courses existing in other programs or disciplines at CCC?

**No**

Will this class use library resources?

**No**

Is there any other potential impact on another department?

**No**

Does this course belong on the Related Instruction list?

**No**

**GRADING METHOD:**

A-F Only

**Audit:Yes**

When do you plan to offer this course?

✓ **Fall**

Is this course equivalent to another?

If yes, they must have the same description and outcomes.

**No**

Will this course appear in the college catalog?

**Yes**

Will this course appear in the schedule?

**Yes**

**Student Learning Outcomes:**

Upon successful completion of this course, students should be able to:

1. recognize and describe a variety of job and career opportunities within the energy and utility industry,
2. define industry-specific terminology,
3. demonstrate knowledge of different energy and utility sources, generation and distribution;
4. identify specific areas of interest and ability within the utility industry,
5. debrief and disseminate observations and experiences.

---

***This course does not include assessable General Education outcomes.***

---

**Major Topic Outline:**

1. Energy and utility types.
2. Basic generation and distribution processes.
