### **COURSE OUTLINE MAPPING CHART**

# Mark outcomes addressed by the course:

- Mark "C" if this course completely addresses the outcome. Students who successfully complete this course are likely to have attained this learning outcome.
- Mark "S" if this course substantially addresses the outcome. More than one course is required for the outcome
  to be completely addressed. Students who successfully complete all of the required courses are likely to have
  attained this learning outcome.
- Mark "P" if this course partially addresses the outcome. Students will have been exposed to the outcome as
  part of the class, but the class is not a primary means for attaining the outcome and assessment for general
  education purposes may not be necessary.

# As a result of completing the AAOT/ASOT general education requirements, students will be able to:

# Section #2 Course Transferability

Concern over students taking many courses that do not have a high transfer value has led to increasing attention to the transferability of LDC courses. The state currently requires us to certify that at least one OUS school will accept a new LDC course in transfer. Faculty should communicate with colleagues at one or more OUS schools to ascertain how the course will transfer by answering these questions.

1. Is there an equivalent lower division course at the University?

- 2. Will a department accept the course for its major or minor requirements?
- 3. Will the course be accepted as part of the University's distribution requirements?

If a course transfers as an elective only, it may still be accepted or approved as an LDC course, depending on the nature of the course, though it will likely not be eligible for Gen Ed status.

Which OUS schools will the course transfer to? (Check all that apply)

✓ EOU (Eastern Oregon University) ✓ PSU (Portland State University)
✓ SOU (Southern Oregon University)
✓ UO (University of Oregon)
✓ OSU-Cascade ✓ WOU (Western Oregon University)
