For each credit, the student will be expected to spend, on average, 3 hours per week in combination of in-class and out-of-class activity.

Course Title: Emergency Operations Center Management/Operations

Course Description:

This course provides participants with the knowledge and skills necessary to effectively manage and operate an Emergency Operations Center (EOC) during crisis situations. The course covers many aspects of properly locating and designing an EOC, working with EOC personnel, and how to adapt EOC operations to various incidents.

Type of Course: Career Technical Preparatory

Is this class challengeable?

Yes

Can this course be repeated for credit in a degree?

No

Is general education certification being sought at this time?

No

Does this course map to any general education outcome(s)?

No

Is this course part of an AAS or related certificate of completion?

Yes

Name of degree(s) and/or certificate(s): Emergency Management AAS

Are there prerequisites to this course?

No

Are there corequisites to this course?

No

Are there any requirements or recommendations for students taken this course?

No

Are there similar courses existing in other programs or disciplines at CCC?

No

Will this class use library resources?

Yes

Have you talked with a librarian regarding that impact?

No

Is there any other potential impact on another department?

No

Does this course belong on the Related Instruction list?

No

GRADING METHOD:

Pass/No Pass Only

Audit: Yes

When do you plan to offer this course?

✓ Not every term

Is this course equivalent to another?

If yes, they must have the same description and outcomes.

No

Will this course appear in the college catalog?

No

Will this course appear in the schedule?

No

Student Learning Outcomes:

Upon successful completion of this course, students should be able to:

1. determine the best location/technology and choose the physical design and functional space layouts of the Emergency Operations Center (EOC),
2. explain how to finance, organize and staff the EOC;
3. use standard operating procedures (SOP's) in managing and operating the EOC, and describe the importance of conducting exercises and evaluations of the EOC;
4. discuss appropriate staffing and training for EOC personnel.

This course does not include assessable General Education outcomes.

Major Topic Outline:

1. Design and placement of an Emergency Operations Center (EOC).
2. Managing EOC operations.
3. EOC personnel management.
4. Adapting the EOC for various incidents.

Does the content of this class relate to job skills in any of the following areas:

- | | |
|--------------------------------------|-----------|
| 1. Increased energy efficiency | No |
| 2. Produce renewable energy | No |
| 3. Prevent environmental degradation | No |
| 4. Clean up natural environment | No |
| 5. Supports green services | No |
