Lec/lab (# of hours):
Lab (# of hours):
Total course hours: 20

For each credit, the student will be expected to spend, on average, 3 hours per week in combination of in-class and out-of-class activity.

Course Title: Mitigation for Emergency Managers**Course Description:**

This course is aimed at students who have no specialized background in mitigation, but who either operate as emergency managers or who can support mitigation efforts as advocates. This course will provide activities that will build the students' abilities to create long-term strategies for disaster-resistant communities, identify local mitigation opportunities, and carry out mitigation activities in a post-disaster environment.

Type of Course: Career Technical Preparatory

Is this class challengeable?

Yes

Can this course be repeated for credit in a degree?

No

Is general education certification being sought at this time?

No

Does this course map to any general education outcome(s)?

No

Is this course part of an AAS or related certificate of completion?

Yes

Name of degree(s) and/or certificate(s): Emergency Management AAS

Are there prerequisites to this course?

No

Are there corequisites to this course?

No

Are there any requirements or recommendations for students taken this course?

No

Are there similar courses existing in other programs or disciplines at CCC?

No

Will this class use library resources?

Yes

Have you talked with a librarian regarding that impact?

No

Is there any other potential impact on another department?

No

Does this course belong on the Related Instruction list?

No

GRADING METHOD:

Pass/No Pass Only

Audit: Yes

When do you plan to offer this course?

✓ Not every term

Is this course equivalent to another?

If yes, they must have the same description and outcomes.

No

Will this course appear in the college catalog?

No

Will this course appear in the schedule?

No

Student Learning Outcomes:

Upon successful completion of this course, students should be able to:

1. identify and monitor hazard risks, and identify opportunities to mitigate hazardous conditions,
2. coordinate with and involve agencies, businesses and professional organizations qualified to select and implement mitigation procedures;
3. develop and maintain a mitigation plan,
4. apply basic principles of mitigation and team building to post-disaster recovery requirements.

This course does not include assessable General Education outcomes.

Major Topic Outline:

1. The Emergency Manager's role in hazard mitigation.
2. Disaster resistant communities.
3. Identifying opportunities for mitigation.
4. Selecting and implementing mitigation solutions.
5. Identifying and using mitigation resources.
6. Maintaining the mitigation plan.
