## Criminal Justice

### *Associate of Applied Science Degree*

PROGRAM CODE: AAS.CRIMJUSTICE

The course work for this two-year program is designed to develop students' knowledge and skills in the areas of law enforcement, courts and corrections. Areas emphasized include community policing, criminal investigation, routine patrol and criminological theory. Students gain an appreciation of the various parts of the criminal justice system and how they function as a whole. Students may enter this program any term.

The course work for this program includes cooperative work experience which affords the student opportunity for hands-on experience with many local, federal and state law enforcement agencies.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- identify **and define each step in** the criminal justice process, **and critically analyze how a case proceeds through the system, including landmark U.S. Supreme court decisions;**
- explain the functions of law enforcement and corrections in the United States in terms of historical roots, structure and contemporary issues;
  - **demonstrate knowledge of ethical practices in educational and professional settings,**
  - **recognize how criminal justice professionals work effectively within a diverse society,**
  - **identify causes and indicators of crime and their effect on the criminal justice system's response,**
  - **demonstrate effective verbal communication skills in a criminal justice setting,**
  - **demonstrate effective written communication skills in a criminal justice setting.**

Deleted: the major steps of

Deleted: • define each step in the criminal justice process,

Deleted: ;

Deleted: • describe the role of the criminal court system in the United States, ¶  
 • communicate effectively both verbally and in writing, ¶  
 • apply key United States Supreme Court cases to real-life situations, ¶  
 • develop strategies for coping with stressors associated with working in law enforcement, ¶

**CAREERS**

Career opportunities include law enforcement officer at the local, state or national level, loss prevention officers and Homeland Security officers. Many departments require college course work or degrees in addition to civil service requirements.

For general information or information about transferring to a four-year institution contact Sharron Furno, 503-594-6424 or [sharron.furno@clackamas.edu](mailto:sharron.furno@clackamas.edu)

## Dental Assistant

### Certificate

PROGRAM CODE: CC.DENTALASST

The Dental Assistant (DA) program is designed to prepare students for entry level positions in the dental care setting. The goal of the program is to graduate students that have demonstrated competencies in clinical and administrative practices as well as demonstrated work ethics and professional values consistent with that of the American Dental Association (ADA).

#### PROGRAM REQUIREMENTS AND PREREQUISITES

This limited entry program requires the applicant to meet the program requirements prior to being formally admitted into the program. The requirements are to be completed in a four-phase process, with specific timelines for each phase. Information regarding specific requirements and timelines are located at [www.clackamas.edu/healthSciences/](http://www.clackamas.edu/healthSciences/)

The applicant must follow all steps to be invited to continue through each phase of the admission process, with the final phase resulting in the opportunity to be invited for admission.

DA students will participate in unpaid, supervised externships in the dental care setting.

*Disclaimer: Clinical training is required in order to complete certain Health Sciences programs offered by Clackamas Community College (CCC). Although CCC does not restrict program entry based on age, some college partners, such as healthcare agencies, organizations and clinics, require students to be at least 18 years of age before they can participate in clinical training. Students who intend to enroll prior to reaching 18 years of age should consult with the appropriate Health Sciences program director or administrator to determine when clinical training begins for their program and to understand any limitations.*

#### PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- demonstrate proficiency in exposing, processing, and mounting dental radiographs,
- apply current concepts of occupational safety hazards, infection control and aseptic procedures to promote a safe work environment and prevent disease transmission,
- perform entry-level dental assisting skills to provide dental care,
- demonstrate basic competencies in dental administrative practices,
