Section #1 General Course Information

Department: WAFE

Submitter

First Name: Shelly

Last Name: Tracy

Phone: 0945

Email: shellyt

Course Prefix and Number: EM - 111

Credits: 3

Contact hours

Lecture (# of hours): 30

Lec/lab (# of hours):

Lab (# of hours):

Total course hours: 30

For each credit, the student will be expected to spend, on average, 3 hours per week in combination of in-class and out-of-class activity.

Course Title: Community Emergency Response Team

Course Description:

This course will qualify students to train others in their community to become CERT instructors, as well as conduct CERT training within their community. Topics of instruction include disaster fire suppression and medical operations, "light" search and rescue, and CERT organization and management. The course will also familiarize emergency program managers with course content and prepare them to market, promote, and administer this self-help emergency management program in their jurisdictions.

Type of Course: Career Technical Preparatory

Is this class challengeable?

Yes

Can this course be repeated for credit in a degree?

No

Is general education certification being sought at this time?

No

Does this course map to any general education outcome(s)?

No

Is this course part of an AAS or related certificate of completion?

Yes

Name of degree(s) and/or certificate(s): Emergency Management AAS

Are there prerequisites to this course?

No

Are there corequisites to this course?

No

Are there any requirements or recommendations for students taken this course?

No

Are there similar courses existing in other programs or disciplines at CCC?

No

Will this class use library resources?

No

Is there any other potential impact on another department?

No

Does this course belong on the Related Instruction list?

No

GRADING METHOD:

Pass/No Pass Only

Audit: Yes

When do you plan to offer this course?

✓ **Not every term**

Is this course equivalent to another?

If yes, they must have the same description and outcomes.

No

Will this course appear in the college catalog?

No

Will this course appear in the schedule?

No

Student Learning Outcomes:

Upon successful completion of this course, students should be able to:

1. list the types of hazards most likely to affect homes and community,
2. describe the functions of CERTs and their role in immediate response,
3. demonstrate application of fire suppression strategies/resources/safety measures to extinguish burning liquids,
