Section #1 General Course Information

Department: Health Sciences: Allied Health

Submitter

First Name: Helen
Last Name: Wand
Phone: 0694
Email: helenw

Course Prefix and Number: CLA - 120

Credits: 4

Contact hours

Lecture (# of hours): 11
Lec/lab (# of hours):
Lab (# of hours): 96
Total course hours: 107

For each credit, the student will be expected to spend, on average, 3 hours per week in combination of in-class and out-of-class activity.

Course Title: Laboratory/Phlebotomy Practicum II

Course Description:

CLA 120 is a continuation of CLA 119. Students will participate in a supervised, unpaid assignment, known as a clinical practicum in area medical laboratories to gain practical experience. A weekly seminar accompanies this course. Required: Student Petition.

Type of Course: Career Technical Preparatory

Is this class challengeable?

No

Can this course be repeated for credit in a degree?

No

Is general education certification being sought at this time?

No

Does this course map to any general education outcome(s)?

No

Is this course part of an AAS or related certificate of completion?

Yes

Name of degree(s) and/or certificate(s): Clinical Laboratory Assitant Certificate

Are there prerequisites to this course?

Yes

Pre-reqs: CLA-119

Have you consulted with the appropriate chair if the pre-req is in another program?

No

Are there corequisites to this course?

No

Are there any requirements or recommendations for students taken this course?

Yes

Recommendations:

Requirements: **Student Petition**

Are there similar courses existing in other programs or disciplines at CCC?

No

Will this class use library resources?

No

Is there any other potential impact on another department?

No

Does this course belong on the Related Instruction list?

No

GRADING METHOD:

Pass/No Pass Only

Audit: Yes

When do you plan to offer this course?

- Summer
- Fall
- Winter
- Spring**
- Not every term
- Not every year

Is this course equivalent to another?

If yes, they must have the same description and outcomes.

No

Will this course appear in the college catalog?

Yes

Will this course appear in the schedule?

Yes

Student Learning Outcomes:

Upon successful completion of this course, students should be able to:

1. access, analyze, and critique various work experiences, problems, and resolutions in the laboratory setting;
2. demonstrate then evaluate accurate patient identification, correct specimen collection and handling, and the consequences of mishandling specimens;
3. list the various departments within the laboratory and the types of specimens that belong to each;
4. identify and characterize the roles of various laboratory personnel and the scope of practice of each;
5. explain the importance of clear and concise communication between laboratorians and patients, physicians, nurses, and other laboratorians;
6. develop skills and expertise in the duties routinely assigned to a clinical laboratory assistant, including phlebotomy and specimen processing;
7. access the AMT and ASCP-BOC national phlebotomy certification examination and the AMT CLMA examination.

This course does not include assessable General Education outcomes.

Major Topic Outline:

1. Practicum discussions
2. Laboratory terminology
3. Laboratory regulations
4. Specimen collection and management
5. Quality control and performance assessment

Does the content of this class relate to job skills in any of the following areas:

- | | |
|--------------------------------------|-----------|
| 1. Increased energy efficiency | No |
| 2. Produce renewable energy | No |
| 3. Prevent environmental degradation | No |
| 4. Clean up natural environment | No |
| 5. Supports green services | No |
