• **Tara’s & David’s paragraph re: mask wearing (from 3/2/22 email from Return to Campus Taskforce):**

“...the college will become facemask optional on March 19, which is the last official day of winter term.”
(continued on next page)...

“This means we welcome, encourage and support wearing masks for those with immune compromised systems, living with those who are from vulnerable populations, or just because they want to. We also strongly encourage everyone to wear masks if you have the sniffles, a cold, or other potentially contagious virus but feel the need to come to work, though you should stay home if you are able.”
