

Global Learning Committee-

Members present: Jennifer Bown, Stefanie Diaz-Zavala, Kaiwen Amrein, James Bryant-Trerise, SD DeWaay, Ernesto Hernandez, Martha Bailey, Michael Patterson, Laurette Scott

Council Proposal:

- Committee worked on making edits to the Teaching & Learning Council responses document
 - Added in language to broadened the scope of staff supported through professional development through GLC.
 - Changed language on flow chart and made a few edits.
- Jen requested additional feedback by Monday, Nov. 25th at noon to finalize responses.

GLC Committee Goals:

Feedback on goal #1: Committee agreed that reaching out to other community colleges in Oregon/SW Washington to learn about their practices with international education was top priority.

- Researching ideas from other programs on best practices, methods/strategies, and processes will inform the following goals from Kerri's plan.

Feedback on goal #2: Committee came to a consensus that this goal would be very dependent on the results or information/data collected from goal #1.

- After results are analyzed, it would help inform a way to notate a study abroad experience on a student's transcript.

Feedback on goal #3: Committee agreed that third goal could even be tied with goal #2.

Feedback on goal #4: Committee had questions about the fourth goal: Where are we with the CIBER grant?

Feedback on goal #5: Committee discussed that the Consortium could be created through the discussions and connections that would happen under goal #1 after Kerri visits all of the community colleges and starts having conversations with other partners.

NORIE Leadership Team:

- Postponing this conversation to January.
- Committee was unfamiliar with this group.

Trip Updates-

Ireland 2024 Updates:

- JBT confirmed that everyone is mostly ready to go for the trip. JBT is sending out last reminder emails to get documentation from participants in.
- Group will be leaving in two weeks to Ireland.

Ireland 2025 Prep:

- Laurette finally got the approval signature for Ireland 2025!
- Laurette will need to contact Neve (ISAI) to start getting dates for the next Ireland trip and will need to get started on building a budget for the trip.
 - Might need to look into scheduling the trip starting finals week of Fall 2025.

Other trips:

- Ernesto will begin to research trip details for Canada (Montreal/Quebec) during winter break and will begin to make contacts to get an Intent to Lead form started (2026).
- Jen has begun to look at SE Asia trips through EFA Tours- Is considering either Vietnam, Cambodia, Thailand or Indonesia. They will all have a biology connection to them (2027).

Other items:

Next meeting: Winter term 2025
