PROJECT DEFINITIONS

The **Guided Pathways Task Force** has several workgroups to complete guided pathways-related projects. Each workgroup is comprised of a cross-functional team of staff, faculty, and administrators. The workgroups for the 2018-2019 academic year are:

NAVIGATE
Guides the implementation of EAB's Navigate, a software platform for **student onboarding**, advising and academic planning.

CURRICULUM
Establishes **educational focus areas** for degree and certificate seeking students, as well as developing guided pathways **curriculum maps**.

PRE-COLLEGE
Ensures that pre-college programs are **on-ramps** to guided pathways and that pre-college students are supported through **transitions** to reduce time to completion goals.

COLLABORATIVE ADVISING
Ensures that students receive **accurate and consistent information** during advising by aligning the work of academic and career coaches and faculty advisors.

COMMUNICATION
Creates comprehensive strategic **communications** for implementing guided pathways at CCC and develops content for internal and external audiences.
