### **Message to CCC students about spring term fees and deadlines**

Clackamas Community College recognizes the many challenges our students are facing because of the impacts of COVID-19. We are working to remove as many of those obstacles as we can for you. The following are some changes to fees and deadlines for the upcoming spring term:

- The college is waiving the \$50 late registration.
- The \$30 deferred payment fee for students who have balances at the end of the second week will also be waived.
- The deadline to drop and receive a refund has been extended to April 19.
- If you meet the prerequisites and a course is not full, you can register without instructor approval through April 5.
- If you are currently on a wait list or a course is full, you will need instructor permission to register.

Please know that Enrollment Services and Student Services staff members are available remotely in case you need our help. For more information about CCC's response to COVID-19 and resources available to you, visit [www.clackamas.edu/coronavirus](http://www.clackamas.edu/coronavirus).

Chris Sweet

Registrar, Clackamas Community College
