With the ever changing financial aid mandates, the college as well as our students both faces challenges. The college has acquired new software, AcademicWorks, which is available to our students. By simply signing in with their myClackamas login and password, they complete one standard scholarship application and they are automatically considered for all CCC Foundation Scholarships that they meet the criteria for. The software has been well received with an addition of approximately 350 more applications compared to last year. CCC has partnered with American Student Assistance (ASA) to bring a new program to campus to increase financial literacy among students. The program, SALT, is a 100% free product being offered to our current and former CCC students (all load borrows since 2011). Resources at SALT for students include: How to manage finances; Get personalized financial guidance; Find scholarship, internships and jobs; and Track, plan and receive expert advice on student loans.</i></li> </ul>
