

CCC Return to Campus Workgroup

A workgroup has been created tasked with developing a plan to help ensure the safe return of our students, faculty, staff and visitors at such time the Governor allows for the resumption of college activities. The work group will provide recommendations to the Executive Team related to such issues as a phased approach to returning to college activities, social distancing, wearing of personal protection equipment and needed resources.

Workgroup team members

- April Chastain, *Department Chair Horticulture*
- Bob Cochran, *Dean Campus Services*
- Brian Puncocher, *Environmental Health/Safety*
- Carol Dodson, *Health Sciences - Nursing Instructor, Nursing*
- Cynthia Risan, *Dean of Technology Applied Science, and Public Services*
- Dru Urbassik, *Director Curriculum & Scheduling*
- Dustin Bates, *Department Chair - Automotive/Welding*
- Jane Littlefield, *Department Chair Library*
- Jeff Ennenga, *Wildland Fire Instructor*
- Jennifer Anderson, *Associate Dean Enrollment & Student Services, AFAC*
- Jennifer L Miller, *Facilities/Events Coordinator*
- Jennifer Nickell, *Part Time Faculty Representative*
- Jim Martineau, *Director Health, Physical Education/Athletics*

Workgroup team members

cont.

- Josh Aman, *Tutoring and Academic Computer Lab Coordinator*
- Katie Alexander, *ASG Student Representative*
- Kelly A Montgomery, *Custodial Manager*
- Larry Rosenberg, *Director, Enterprise Applications, Information Technology/ITS*
- Lori Hall, *Executive Director College Relations & Marketing*
- Mike Mattson, *Department Chair Manufacturing*
- Sarah Hoover, *Department Chair Science*
- Shelly Tracy, *Department Chair Science*
- Sunny Olsen, *Director Community Education & Harmony Campus*
- Tom Sonoff, *Director College Safety*
- Vanessa Vu, *Human Resources Business Partner*
- Wilson Malachi, *ASG Student Representative*

Return to Campus

The return to our campuses will look very different from what we are used to. The mix of returning students, faculty, staff and visitors **will vary**, and in some cases, a segment of the college community may continue to work and learn remotely. One thing is clear, the management of the process is without precedent and will require flexibility, cooperation and patience from all.

Preparing for a New Work Environment

Clackamas Community College is making space and services updates to maintain hygiene, safety and physical distancing best practices in six ways:

Social distancing

By modifying shared spaces with staggered seating and buffer zones, students and employees can continue to occupy classrooms, labs, workplaces, common spaces, etc., while still maintaining a healthy physical distance from others.

Increased sanitization

CCC is implementing heightened cleaning measures to ensure the health and well-being of the college community. We are disinfecting common areas more frequently and are providing sanitization products in common spaces.

Behavioral signage

New cleaning standards and capacity protocols will be reinforced with strategically-placed signage — friendly reminders to community members and visitors that the well-being of our community depends on all of us to do our part.

Personal Protective Equipment (PPE) and hygiene

Good hand hygiene and use of appropriate Personal Protective Equipment (PPE), including masks or face coverings, will be essential to preventing person-to-person transmission of COVID-19 on our campuses.

Consistent communication

Sharing of timely, accurate, and pertinent information will be essential to engaging the CCC community in measures to prevent the spread of COVID-19 within our college community.

Health monitoring and contact tracing

Students and employees will be required to self-check daily for symptoms of COVID-19. In the event of an outbreak on campus, Clackamas County Public Health will be responsible for contact tracing — the process of determining who each sick person might have come into contact with.

Return to Campus Application Process

Before returning to our campuses, a variety of pre-return checks, tasks, and assignments will be completed. As part of the pre-return activities for each building, a COVID-19-specific Return to Campus Safety Plan that outlines strategies and tactics to combat and/or minimize the likelihood of the spread of virus will be developed.

A planning & approval process will be utilized by Deans prior to the reopening of a facility. Deans are encouraged to select a team that includes those most knowledgeable about the department's operations, facilities and needs.

Presenters:

Bob Cochran, *Facilities*

Lori Hall, *Communications*

Melissa Richardson & Jennifer Anderson, *Employee and Student Policies*

The background features a microscopic view of biological structures. On the left, there are clusters of blue, irregularly shaped cells. In the center and right, there are several spherical, green, textured particles resembling viruses or bacteria. The overall color palette is dominated by shades of blue and green.
