We haven't done that recently. ○ Is there a template that we would be using for reporting on strategic priorities? If not, we'd want to figure out how we'd report on that. ○ Aundrea – just started reconvening the accreditation steering committee. We just started talking about mission fulfillment. We're just reaching out to the folks who have strategic priorities and getting a sense of where we're at and how we're doing. ○ We don't have a template, but I think that gives us an opportunity to figure out what we want and how we want to show that. • How might we want to report on "Student Sense of Belonging?" <ul style="list-style-type: none"> ○ EYES survey results review groups. ○ Would it also be possible to go back and look at the student sense of belonging questions? And capture that and ask to report when we're asked to talk about our progress there?

And trimming down from there. ○ Everything is important, but we're focusing on level of impact. ○ Summer Goals: going through the SEM Plan list and write that summary up of what was accomplished, what was left outstanding, and what our recommendations are for those. ○ Priority: bringing adult learners back, trying to bring those players back to school. That is something we know will make a difference. ○ Starting: a work group started on that concept, and they'll start while we work on developing the broader SEM plan next year. ● What other priorities do we want to think ahead to for 2025/2026? (Josh Aman, 25 Minutes) <ul style="list-style-type: none"> ○ What have people brought to us throughout the year and asked about in regards to alignment with our Council? ○ As there are needs that staff/faculty are seeing, where does that live? ○ Should we have a process where the broader college community can bring needs to us and we help support the next steps for resolution? ○ Does it fit our policy / can we take this on / does it fit with SEM? ○ Holistic Student Support alignment?
